onal natic h of he most popular and 100 km nor the one of th Winnipeg AL PARKS AND HISTO Mountain National Park is ocated 270 km northwest of V Riding Canada

park contains 1,150 square miles of rolling woodland, lakes and streams. Mos centre on Clear Lake, the largest lake in the park, and the modern resort com Wasagaming, with a scenic 18-hole golf course, tennis, swimming, boating modern lodges, and fully equipped campgrounds among its attractions. An ition centre offers displays and programs on the area's natural and human hi park has a well-developed system of nature and hiking trails, totalling about 4 the hiker and wilderness camper, and many trails can be explored on I Wildlife is plentiful in the park and easily observed. Large numbers of elk and well as their chief predator, the wolf, roam throughout this vast nature prepark is also home to Manitoba's bison herd, pastured at Lake Audy. A few lakes have excellent fishing for pickerel, pike and stocked trout and campgr conveniently located to serve as bases of operations. For winter enthusiasts the cross-country skiing and snowshoeing trails. There are also ice-fishing on C downhill skiing at Mount Agassiz on the eastern slopes of Riding Mountain Creary, and limited snowmobiling in the Wasagaming area.

Two National Historic Parks and two National Historic Sites in the preserve and illustrate important aspects of Manitoba history and way of 1870. The best known is Lower Fort Garry, 32 km northeast of Winnipeg of River. The massive stone fort, which never saw a battle, was built in the 187 the Hudson's Bay Company a headquarters safe from Red River floods. U company after 1871, Lower Fort Garry was an important part of life in before the formation of Manitoba and has been restored in recent years to trade and Red River Settlement conditions of the mid-19th century.

Riel House, in the St. Vital area of Winnipeg, was the home of the though not of Louis Riel) from 1881 to 1968. It has been restored and mid-1880s residence, and displays on the site portray the land tenure system Red River Settlement days.

York Factory and Fort Prince of Wales, both on Hudson Bay, recall the cfur trade and of French-British rivalry for possession of Canada. York Factomouth of the Hayes River, was the site of several forts, the first of which was to fur from the interior and goods from overseas, but after 1860 it declined post although it continued in use until 1957. Fort Prince of Wales, opposite C the mouth of the Churchill River, was begun in 1731 as the second Hudson's pany attempt to build a fort on the site. Not completed until 1771, it was det the French in 1782 and lay virtually abandoned until partial restoration starmid-1950s. Fort Prince of Wales can now be visited by boat from Churchill

PROVINCI

The parks branch of the Department of Natural Resources operates ar system of provincial parks and recreation areas that cover more than 3,960.
